

Recall Petition Information - Number of Signatures

The recall petition process is determined by Town Code and the Colorado State Municipal Election Code.

The number of signatures each current Town Council member would need to be recalled is determined by *25% of the total votes cast* for the position from the election when they were elected (*divided by the number of seats open for the position in that election*). These numbers are as follows:

| | | |
|-------------------|---------------|--|
| Carolyn Skowyra | April 5, 2022 | 50 signatures needed on recall petition (201 votes cast at last municipal election on April 5, 2022) |
| Dana Christiansen | April 5, 2022 | 17 signatures needed on recall petition (201 votes cast at last municipal election on April 5, 2022) |
| Renee Imamura | April 5, 2022 | 17 signatures needed on recall petition (201 votes cast at last municipal election on April 5, 2022) |
| Kyle Hendricks | April 2, 2024 | 17 signatures needed on recall petition (201 votes cast at last municipal election, April 2, 2024 election was canceled, candidate was elected) |
| Robin Tuyn | April 2, 2024 | 17 signatures needed on recall petition (201 votes cast at last municipal election on April 5, 2022, April 2, 2024 election was canceled, candidate was elected) |
| John Woods | April 2, 2024 | 17 signatures needed on recall petition (201 votes cast at last municipal election on April 5, 2022, April 2, 2024 election was canceled, candidate was elected) |
