

HOUSEHOLD WATER AUDIT

Bathroom

Louise's Usage = _____ gallons/day

Ronald's Usage = _____ gallons/day

Sonya's Usage = _____ gallons/day

Kitchen

Louise's Usage = _____ gallons/day

Ronald's Usage = _____ gallons/day

Sonya's Usage = _____ gallons/day

Laundry Room

Louise's Usage = _____ gallons/day

Ronald's Usage = _____ gallons/day

Sonya's Usage = _____ gallons/day

Outside

Louise's Usage = _____ gallons/day

Ronald's Usage = _____ gallons/day

Sonya's Usage = _____ gallons/day

How Efficient Is Your Water Use?		
Gallons per Person per Day		
Winter	Summer	Rank
50 to 65	65 to 80	EFFICIENT
70	91	AVERAGE
Exceeds 70	Exceeds 100	INEFFICIENT

TOTAL HOUSEHOLD USAGE	
<i>(complete this chart by adding each person's numbers from the left)</i>	
Louise	Gallons/day
Ronald	Gallons/day
Sonya	Gallons/day

Total each person's daily water use and place the number in the chart above. Compare their water usage to the chart above, then answer the questions below.

Who is the most efficient water user? _____

Who is the most inefficient water user? _____

List three ways the inefficient person could conserve more water.

1. _____
2. _____
3. _____
